#### Why are you receiving this statement?

Because the amounts billed for your escrowed items may change over time, we review your escrow account at least annually to ensure there will be enough money to pay for these items. Once the review is complete, you are provided this statement detailing our review. This is also known as the annual escrow account disclosure statement.

#### A review of your escrow account has been completed

Here's what we found:

- Required minimum balance:** Your escrow account balance is projected to fall below the minimum balance. This means you have a shortage.
- Future payments:** Based on what we expect to pay, as of August 01, 2020, the escrow portion of your payment will increase.

Your escrow account has a shortage of \$432.38

#### Projected escrow account activity over the next 12 months

To determine if there will be a shortage or overage in your account, we calculate whether the amount of your lowest projected escrow balance will be greater or less than your required minimum balance. This is determined by subtracting your required minimum balance from your lowest projected balance. If the outcome is positive, you have an overage. If it is negative, you have a shortage. Your calculation is below:

Lowest projected escrow balance (October 2020):	\$398.86	Calculated in Part 3 - Escrow Account Projections table
Minimum balance for the escrow account*	-\$831.24	Calculated as: \$415.62 x 2 month(s)
Escrow Shortage	= \$432.38	

\*Your minimum balance includes a cash reserve or cushion as permitted by Federal and State regulations, to help cover any increase in taxes and/or insurance. To calculate the cash reserve for your escrow account, your yearly escrow payments are added up and the total is divided by 12 (this amount does not include mortgage insurance). That amount is then multiplied by two, or the number of months as allowed by state laws and/or the mortgage contract to determine the cash reserve.

#### Part 1 - Mortgage Payment

##### Option 1:

Pay the shortage in full

	Current payment	New payment
Principal & Int	\$516.75	\$516.75
Escrow/Impound	\$478.51	\$507.90
Total Payment Amount	\$995.26	\$1,024.65

Starting August 01, 2020 your new mortgage payment amount will be \$1,024.65

##### Option 2:

Pay part of the shortage to help maintain funds in your escrow account

	Current payment	New payment
Principal & Int	\$516.75	\$516.75
Escrow/Impound	\$478.51	\$507.90
Shortage Spread	\$0.00	\$18.01
Total Payment Amount	\$995.26	\$1,042.66

Make a partial payment towards the shortage of \$216.19 to reduce your new monthly payment starting August 01, 2020

**Option 3:**

Pay the shortage over 12 months

	Current payment	New payment
Principal & Int.	\$516.75	\$516.75
Escrow/Impound	\$478.51	\$507.90
Shortage Spread	\$0.00	\$36.03
Total Payment Amount	\$995.26	\$1,060.68

Starting August 01, 2020 your new mortgage payment amount will be \$1,060.68

**Part 4 - Payment Summary**

For the past review period, the amount of your escrow items disbursed was \$7,569.10. For the coming year, we expect to disburse from escrow \$6,094.85.

**How was the escrow payment calculated?**

To determine the escrow payment, we add the projected escrow items to be paid over the next 12 months. We base these projected amounts on any escrow items that may have been paid in the past and any future anticipated payments to be made. We then divide the total amount by 12 payments to determine the escrow amount.

The chart below includes actual payments made for your escrow items as well as any shortage identified during our recent review.

8/2020-7/2021				
Escrow Item	New	# of months	=	New monthly escrow amount
Property Taxes	\$3,606.42	+	12	= \$300.54
Property Insurance	\$1,381.07	+	12	= \$115.09
Mortgage Insurance	\$1,107.36	+	12	= \$92.28
Total Taxes & Insurance	\$6,094.85	+	12	= \$507.90
Escrow Shortage	\$432.38	+	12	= \$36.03
Total Escrow	\$6,527.23	+	12	= \$543.93

**Escrow Accounts - Frequently asked questions (FAQs)**

**What is an escrow account?**

An escrow account is an account that a loan servicer establishes and controls on behalf of the borrower to pay obligations such as property taxes and insurance premiums on time. These obligations can include:

- Real Estate taxes
- Property (homeowner's) insurance
- Mortgage insurance (if required by investor)
- Flood Insurance

**What is an escrow analysis?**

An escrow analysis itemizes all payments from and contributions to your escrow account on an annual basis. This is done to make sure the amount of your monthly payment is adequate enough to pay all escrow obligations on time. This analysis also determines whether any overages or shortages exist in your escrow account after all scheduled payments and disbursements.

**How is the lowest projected balance point determined?**

The lowest monthly escrow balance during the year projection is the low-point. Your escrow account balance is projected for a twelve month period with the assumption that we receive regular payments and make scheduled disbursements.

**Why did my monthly mortgage payment change?**

- **Homeowner's insurance:** Your premium may be different as a result of changes to the type, extent, date due, or rate of your insurance coverage. Additionally, if you made any changes to your homeowner's insurance policy or insurance company this would affect the initial projections in your escrow account. We encourage you to contact your insurance company for any questions regarding changes to your homeowner's insurance premiums.
- **Real Estate Taxes:** Your real estate taxes may be different as a result of your property being reassessed or if the tax rate has changed. Anticipated tax payment time frames may change per local authority as well. We encourage you to contact your local taxing authority for any questions regarding changes to your real estate taxes.
- **New Construction:** A difference may occur with partially assessed real estate tax bills for new construction. Typically, the first tax bill for new property is only for the lot/land. We may have received a bill for the fully assessed value which includes the land and the house.
- **Initial Escrow Deposit:** Escrow is sometimes estimated at loan closing because information may not be available at the time. If the amount collected for the setup of your escrow account was more or less than the actual bills received for real estate taxes and/or insurance premiums, this will cause your monthly mortgage payment to change.

**Why do you collect a cushion?**

Based on federal law, lenders may require a minimum balance requirement or 'cushion' of up to two months of the total annual escrow disbursement amount. The cushion funds cover unexpected or increased disbursements or disbursements made before the funds are available in the borrower's escrow account. Once you payoff your loan, any funds held in the escrow account for your cushion will be refunded to you.

**How did you determine my required starting balance?**

Your required starting balance is determined by calculating what your balance would need to be as of today to prevent the escrow balance from falling below the minimum required balance (cushion) over the next 12 months. This is purely a mathematical calculation.

**Who do I contact if I have questions?**

- **Taxes:** Contact your local assessor's office.
- **Insurance Premiums:** Contact your local insurance agency.
- **Escrow or Account Information:** Call Customer Care Center at (866) 867-0330.
